SYMPOSIUM

BIOCHEMICAL ENDOCRINOLOGY AND SIGNAL TRANSDUCTION

College of Medicine
University of Tennessee, Memphis
The Health Science Center
October 17, 1994

Partial Speaker List	Title
Dr. Gary Johnson National Jewish Center	"Regulation of MEK and MAP Kinases"
Dr. Craig Malbon SUNY at Stony Brook Health Sciences Center	"Signal Transduction through Trimeric G Proteins"
Dr. Michael P. Czech University of Massachusetts Medical Center	"Mechanisms of p21 Ras Activation and Desensitization in Response to Insulin"
Dr. Morris Birnbaum Harvard Medical School	"Insulin Regulation of Glucose Transporter Membrane Trafficking"
Dr. David Brautigan University of Virginia Med. Ctr. at Charlottesville	"Regulation of Protein Tyrosine Phosphatases"
